ORGANIZATION

OF THE CITY GOVERNMENT

Tuesday, March 27, 1928.

At ten o'clock in the forenoon of the above date, members-elect of the city council for the municipal year of 1928 and the members from the previous council met for organization at the city council room agreeably to the provisions of the city charter.

The oath of office was administered to the Mayor-elect, Hon. Charles J. Hayford by ex-Mayor, Hon. William F. Knight, Mayor Hayford then assumed the duties of his office, and administered the oath of office to the following councilmen-elect, viz:

Ward 1—N. Joy Harriman
Ward 2—Wilbur W. Wooldridge
Ward 3—Charles J. Pitman
Ward 4—Harry E. Trapp
Ward 5—Arthur A. Jewett
Ward 6—Charles O. Hopkins

Prayer was then offered by the Rev. Rodney W. Roundy, after which the Mayor delivered his inaugural address.

INAUGURAL ADDRESS

OF

HON. CHARLES J. HAYFORD

March 27, 1928

Gentlemen of the City Council:

We have just given our solemn oath to guard and administer the affairs of our city to the best of our ability. To some, no doubt, we may have erred this past year. However, in my judgment you have administered with honesty and application of justice that which makes for success in City Government.

It is very gratifying to have the endorsement of last year's administration as reflected in the re-election of the entire City Council and to know that our policies and plans meet public approval. Permit me to say that we, collectively, are not unmindful of the responsibility of the office to which the people of Laconia have re-elected us, and that it is our firm purpose and resolve to continue to serve by giving the best that is in us.

If, last year's administration was successful, it was due to the organized efforts of the Council working as a unit with the city departments cooperating. At this time I wish to thank the several departments for the splendid spirit manifested in cooperating with the City Council.

Our City Clerk should be commended for his efficiency in handling our City report. Few, I believe, realize the vast amount of work that it requires. The city's fiscal year closes February 15, the time expiring before election day is less than a month. To close the city's books and get the report in the hands of the printer, reports re-read, back to the printer, and ready for distribution on election day, I think you all will agree is being efficient.

FISCAL YEAR

It is my belief, if the fiscal year were to be changed to the calendar year, instead of from February 16 to February 15, and the city election should be the first of December. Then the organization of the city government, for example, could be the second Tuesday of January, instead as it now is, the fourth Tuesday of March. This would give the Mayor and Council ample time to investigate the different budgets of the departments. Also the departments would be able to lay out their work more efficiently, especially, the Board of Public Works. However, this is not in our power to change, but a matter for our representatives to the General Court to take up, if the Citizens of Laconia think it wise.

AUDIT

The recommendation for an audit of the City accounts was carried out, and a new method of bookkeeping has been installed. A full account of the audit you will find in the City report. By careful reading of this report I believe the citizens will realize the importance of an audit, also the advisability of a new accounting system. I wish to thank the departments for the manner in which they co-operated with the City Council and auditors in making this change. Fully realizing the benefits derived from this work, I recommend the continuance of a certified accountant.

ORDINANCES

I would advise the revising of our city ordinances. Our city is changing and progressing, and so I believe we should keep pace with the changes, and if there are ordinances that are out of date they should be taken from the records, and new ones written in their places. The best of advice should guide your action, however, in any changes.

IMPROVEMENTS

- 1. It is my desire that you take under consideration a zoning Board ordinance. Mayor Jones of Keene was in our City last evening and spoke with knowledge as well as practical experience on the subject. This is not something new, but something that has been tried out with success. I honestly believe Laconia would be taking a step forward in her future growth if such an ordinance was passed.
- 2. Without a large expenditure of money, Main Street could be widened from Mill Street to the railroad crossing. Five feet could be taken from the side walk on the easterly side of Main Street from point to point before mentioned and added to the street, which would greatly help a congested condition through this section, without material loss to the side-walk. This walk is nearly fifteen feet wide, or about five feet wider than any other side-walk in our City.
- 3. That in the very near future a garage should be built for the street department, so that their trucks can be properly housed and taken care of. I believe the conditions that now exist are very expensive to the City. When this subject is taken up it might be advisable to consider building a fire station in a central location where it will not be so dangerous when responding to alarms. The present station, which is located beside the city barns would be an ideal location for the garage. Larger equipment of the fire department and increased traffic, is not only impairing

the efficiency of the fire department, but is making it hazardous for the public.

- 4. I believe if there is one thing that Laconia is backward in, it is the lighting conditions of our streets. It seems that the time has come when we should begin to increase the candle power, and I suggest that you consider changing this coming year all two hundred and fifty candle power lamps to six hundred candle power in fixtures similar to those that are now installed for approval on Main Street.
- 5. To keep Laconia in the standing it now holds in New England, we should consider thoughtfully the advisability of an airport. Our location is such, that we cannot afford to be backward in this movement.

RECOMMENDATIONS

I recommend the building of a cement bridge on Church Street to replace the wooden structure. On this subject I refer you to the Report of the Board of Public Works.

I also recommend the widening of Church Street, from the corner of Main Street to the bridge. The land on the northerly side of Church Street was purchased some time ago to make this improvement. So, gentlemen, if you decide to construct the bridge, I believe this improvement should be undertaken at the same time, and that the re-laying of the surface of the street should be of cement concrete construction. The City Engineer prepared me an estimate of the costs of cement and asphalt construction, the difference would amount to about \$5,000.00 more for cement construction, but I believe this would be more economical in the years to come.

DEPARTMENTS

I wish to commend the work of our Board of Health. I think it has gone forward, and in so doing has created

a good feeling from the public. I hope you will recognize its requests as laid down in its report.

Also the Park Commission budget should be considered favorably. Our Parks and Playgrounds should be developed in order to make them better the purpose for which they are intended.

We are proud of the continued uplift of the standard of our schools. Let us continue to work with our Board of Education that their efficient direction may go on.

The City Engineers report contains a number of recommendations. All are worthy ones. Study carefully this report, that we may meet the board in the near future. They should know what work is expected of them as soon as possible.

Our Fire Department still maintains its high standard. I have received its budget for 1928, and am glad to say it calls for a little over \$3000.00 less than 1927. May all departments follow its good example.

Our Police Department is still in need of a respectable lock-up. Our present one is a disgrace to our City. The least we can do is to make the one in use "sanitary".

In conclusion. With the ever increasing demand for all kinds of modern improvements and such excellent credit as the city enjoys, it will command all your thought and care to keep from running your city into debt. "Sane spending is true economy".

You will have to exercise due precaution to distinguish between a public demand and a small group demand presented with a lot of enthusiasm and demonstration. The City that is going to make the better growth in the future, will be the one with a small bonded debt, a fair valuation and low tax rate, and not one with a big bonded debt. A rounded-out, balanced city that is attractive in every way with good, well kept highways and good water, sewer and school systems will be more attractive to industry.

With you I come to the task offering the best I have. I make no needless pledge. I ask from all our people suggestions and advice. We are servants and not masters, we are agents not principals. Our recompense and reward will be in duty well done. Thank you.

MUNICIPAL REGULATIONS

FOR PAYMENT OF BILLS AGAINST THE CITY

All bills against the city must be approved by the persons authorizing the charge; unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7:30 p. m., at the City Clerk's office.

CITY GOVERNMENT

LACONIA. N. H.

Inaugurated fourth Tuesday of March, yearly. Stated meetings: The last Monday of each month at 7:30 o'clock p. m. at city council room, City Hall, Pleasant Street.

RESOLUTIONS

In the Year of our Lord one thousand nine hundred and twenty-eight.

A RESOLUTION authorizing temporary loans to an amount not exceeding Two Hundred Twenty Thousand Dollars in anticipation of the taxes of the present municipal year.

Resolved by the City Council of the City of Laconia, as as follows:

That for the purpose of meeting current expenses of the city, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$220,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loans subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date and no such note shall be valid unless authenticated by the certificate of the National Shawmut Bank of Boston, Massachusetts. notes shall be signed by the Mayor and City Treasurer and counter-signed by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage. Passed and approved March 26, 1928.

CHARLES J. HAYFOR1),

Mayor

In the Year of our Lord one thousand nine hundred artwenty-eight.

A RESOLUTION making appropriations for the year ending February 15, 1929.

Resolved by the City Council of the City of Laconia, as follows:

Passed and approved June 5, 1928. CHARLES J. HAYFORD, Mayor

- In the Year of our Lord one thousand nine hundred and twenty-eight.
- A RESOLUTION raising money by taxation for the year ending February 15, 1929.
- Resolved by the City Council of the City of Laconia, as as follows:

That there shall be raised and there is ordered to be raised on the polls and the estate liable to be taxed within said city the sum of four hundred forty-six thousand one hundred eighty-nine and thirty-one one hundreths (\$446.189.31) dollars to defray the necessary expenses and charges of the city for the financial year ending February 15, 1929.

Passed and approved June 5, 1928.

CHARLES J. HAYFORD,

Mayor

- In the Year of our Lord one thousand nine hundred and twenty-eight.
- A RESOLUTION authorizing the issue of \$80,000.00 bonds of the City of Laconia for the construction of Church Street bridge in said Laconia, and for the reconstruction and construction of public highways in said Laconia.
- Resolved by the City Council of the City of Laconia, as as follows:

That bonds of the City of Laconia are hereby authorized to be issued, to be signed by the Mayor and City Treasurer, and counter-signed by the City Clerk, for a sum not exceeding eighty thousand dollars, pursuant to the

Municipal Bond Act under Chapter 59 of the Public Laws of New Hampshire, for the construction of Church Street bridge in said Laconia, and for the reconstruction and construction of public highways in said Laconia. Said bonds shall be in such form and bear such rate of interest, not exceeding four and one-half per cent, as the Mayor and finance committee of the city council and the City Treasurer shall determine, and shall mature at the rate of one-twentieth of the amount thereof each year until paid, beginning one year from the date of the bonds. The Mayor and said finance committee and City Treasurer are hereby authorized and empowered to sell said bonds in behalf of said city. The expense incident to the issuing of said bonds shall be a charge upon the city, and shall be paid out of the city treasury upon order of the Mayor.

This resolution shall take effect and be in force from and after its passage.

Passed and approved June 5, 1928.

CHARLES J. HAYFORD.

Mayor

In the Year of our Lord one thousand nine hundred and twenty-eight.

A RESOLUTION confirming the sale of bonds of the City of Laconia, provided for in resolution passed and approved June 5, 1928.

Resolved by the City Council of the City of Laconia, as as follows:

That the sale of four per cent serial bonds of the City of Laconia, of the face value of Eighty thousand dollars at par, provided for in resolution passed and approved June 5, 1928, authorizing the issue of bonds by the city of

Laconia to an amount not exceeding eighty thousand dollars, for the construction of Church Street bridge in said Laconia, and for the reconstruction and construction of public highways in said Laconia is hereby ratified, said bonds to be dated July 15, 1928, and to mature at the rate of four thousand dollars each year until paid, beginning one year from the date of said bonds, and bearing interest at the rate of 4%, payable semi-annually.

Passed and approved, June 25, 1928.

CHARLES J. HAYFORD,

Mayor

In the Year of our Lord one thousand nine hundred and twenty-eight.

AN ORDINANCE relating to traffic signals.

Be it ordained by the City Council of the City of Laconia, as follows:

Section 1. No person shall drive a vehicle onto or over the intersection of highways protected by any traffic signal or signals maintained by the city when such signal or signals show a red or an amber light in the direction such vehicle is being driven, or otherwise indicates that vehicles are to be stopped, provided, however, that nothing herein contained shall prevent a vehicle from being driven onto or over such intersection for the purpose of making a right hand turn when such signal or signals show a red light, and when in so doing it does not have to pass to the left of any vehicle stopped or stopping because of such signal or signals.

Section 2. Any person violating the provisions of this ordinance shall be punished by a fine of not more than ten (10) dollars for the first offense, and not more than (20) dollars for any subsequent offense.

Section 3. This ordinance shall take effect upon its passage, and all ordinances, or parts of ordinances, inconsistent herewith are hereby repealed.

Passed and approved November 26, 1928.

CHARLES I. HAYFORD.

Mayor

- In the Year of our Lord one thousand nine hundred and twenty-eight.
- AN ORDINANCE in amendment of the revised ordinances relating to the regulation of street traffic.
- Be it ordained by the City Council of the City of Laconia, as follows:
- Sec. 1. Amend Article 11 of Chapter 30 of the Revised Ordinances by adding a new section thereto, as follows:
- Section 12. No person shall drive a vehicle onto Union Avenue from Mill Street.
- Sec. 2. This ordinance shall take effect upon its passage.

Passed and approved December 31, 1928.

CHARLES J. HAYFORD.

Maxor

- In the Year of our Lord one thousand nine hundred and twenty-nine.
- A RESOLUTION exempting from City Taxation, property of SCOTT & WILLIAMS, INC. invested in new construction and equipment in Ward Two in the City of Laconia in excess of the sum of Three Hundred

Seventy-Four Thousand Dollars for the term of five years from the first day of April, 1929.

WHEREAS, SCOTT & WILLIAMS, INC., a corporation duly established, organized and existing under the laws of the Commonwealth of Massachusetts, and having an office and large manufacturing plant and establishment in the City of Laconia, is contemplating the erection of new and large structure or structures in addition to its present manufacturing plant now located in Ward Two in the City of Laconia, so as to increase its manufacturing capacity in the business in which it is now engaged and in which it will be hereafter engaged, and also materially increase the number of employees, both men and women, engaged in work in said manufacturing plant and establishment, and which new structure or structures when erected will require to be placed therein machinery and equipment much in excess of what is now in use and operation by said corporation in its said plant in said Ward Two;

AND WHEREAS, the City of Laconia will derive great benefit by the increase and setting in operation of such addition to the manufacturing industries of the City;

NOW THEREFORE RESOLVED by the City Council of the City of Laconia as follows:

That the City of Laconia does hereby exempt from its city taxation the real and personal property which the said corporation of SCOTT & WILLIAMS, INC. shall acquire, use and put in operation in Ward Two of the City of Laconia in excess of the sum of Three Hundred Seventy-Four Thousand Dollars for the term of five years from and after the first day of April, 1929. The taxes so exempted to said SCOTT & WILLIAMS, INC. shall be those assessed by the City of Laconia for city purposes, and this

resolution shall not be construed to exempt from taxation the state and county taxes which shall be assessed during the term aforesaid in said city against said real and personal property which by this resolution is exempted from said city taxation for the term aforesaid.

This resolution shall take effect on its passage. Passed and approved January 28, 1929.

REPORT OF SCHOOL BOARD

To the Honorable Mayor and City Council:

The School Board herewith submits its annual report. We thank you for your generous cooperation and are pleased to say that we are keeping within our appropriation.

While it is impossible to accurately measure the efficiency of our schools we have certain comparisons furnished by the State Department which place Laconia Schools in a most favorable position.

Among the cities of the state there are only three which rank lower in cost of public education per one

thousand dollars of equalized valuation and among two hundred and forty-four districts we rank twenty-eighth. Reports of standing of pupils in colleges and normal schools for the last five years place our school at the head of its class which comprises all high schools having an enrollment of two hundred to four hundred.

In debating, prize speaking, athletics and other school activities our schools rank high. For these most favorable results we give credit to Mr. Gilman, Mr. Whitman and our teachers. We call particular attention to the report of the Superintendent.

THE SCHOOL BOARD,
Arthur D. O'Shea, Chairman

SUPERINTENDENT'S REPORT

To the School Board of Laconia:

The annual report on the condition and needs of the public schools is submitted herewith.

The following table showing the average yearly membership for the ten-year period ending June 30, 1928, is of particular interest, not only to those who are interested especially in the schools but to all tax payers of the city:

	GRADES	HIGH SCHOOL	TOTAL
1918-1919	925	227	1152
1919-1920	941	218	1159
1920-1921	921	261	1182
1921-1922	936	285	1221
1922-1923	961	309	1270
1923-1924	947	358	1305
1924-1925	1023	302	1325
1925-1926	1072	320	1392
1926-1927	1116	315	1431
1927-1928	1133	33 6	1469

This table shows that during the ten-year period there has been a steady gain in the average yearly membership and that the increase in ten years has been 317 or 28%. These figures may be rather surprising to some as it has been quite generally felt that the population of the city has decreased in the last few years.

This gain may be accounted for in three ways: first, increase in the number of tuition pupils from 38 in 1919 to 86 in 1928; second, retention of pupils in school for a longer period since the re-organization of the system on the 6-6 plan; third, attraction and retention of pupils in the senior high school by the practical arts courses.

A study of the distribution of the pupils in the high school later in this report will show that of the total 367 pupils. 131 are enrolled in the academic course, and 5 in the mathematics course, with 136 in the commerce course, 172 boys in mechanic arts, 15 girls in home economics, 7 in social science, and one enrolled as a special.

In an industrial city like Laconia we believe that approximately a third of the students should be enrolled in the academic course, as this probably represents the number that will go on to an academic post-secondary school. We also believe that many girls who are now enrolled in the commerce course would have done better to have taken up the practical work in the home economics curriculum as quite a number are found each year who are not adapted to office work. This is a matter that should receive the careful consideration of each parent who has a pupil entering the 8th grade for here a choice must be made between French and Junior Business Training.

This grade serves as a try-out period for the work of the Senior High School, and at the end of the year it can be pretty definitely decided which course the boy or girl should elect.

ELEMENTARY SCHOOLS

Membership at the present time in the elementary schools is as follows:

Grade I	175	Grade II	128
Grade III	164	Grade IV	145
Grade V	152	Grade VI	107

At the close of the last school year three teachers resigned—Miss Annis and Miss Ramsdell to accept positions in Arlington and Miss Dodge to accept a position in Springfield, Mass. Miss Rena Young, Miss Bertha Varney and Miss Bernice Maiwald, all graduates of Plymouth Normal School, the first two with one year's experience in New Hampshire schools, were elected to begin work in September. At the opening of the year several teachers were transferred to new positions.

At the Academy Street School the enrollment this year has been considerably larger than ever before. Miss Stevens took the place of Miss Dodge and Miss Bertha Varney succeeded Miss Ramsay, who was transferred to the Harvard Street building. During the summer extensive repairs had to be made upon the roof at this building. A slide for use of the children on the playground was purchased by the pupils from funds raised in different ways.

At the Batchelder Street building Miss Snyder took the place of Miss Ruth Young, who went to the Mechanic Street building. The enrollment in this building is also a little larger than it was last year. During the summer the interior of the building was painted and varnished and should not need further repairs for four or five years. There will be a considerable increase in the enrollment in this building next year as a large grade will be sent up from the Academy Street building.

At the Harvard Street building the lawn was entirely remade and new walks were laid during the vacation. Miss Bertha Varney, Miss Ramsay and Miss Rena Young are the new teachers here. The enrollment is slightly less than it was a year ago.

At Gilford Avenue the membership is larger than last year. The exterior of this building should be painted during the summer vacation.

By a vote of the School Board last summer the children who formerly attended a rural school in Gilford were accepted at the Mechanic Street and the Gilford Avenue buildings. Their tuition of course is paid by the Gilford School District. The pupils from Gilford, together with the new children in the vicinity, caused an overflow at the Mechanic Street School at the beginning of the school year. It was thought best to transfer the Crockett pupils from the Washington Street school and to open another room at the Mechanic Street building. The total membership at the Mechanic Street building this year is approximately 30 more than in 1928. The pupils who come from a distance and bring lunches have an opportunity to secure something warm to supplement their lunch through the efforts of the Lakeport Mothers' Club. This organization made arrangements with Mrs. Hamilton to serve hot sour or a warm drink each noon, and to give it to those pupil who could not bring money from home.

At the Washington Street building the membership is smaller than last year because the Crockett pupils were transferred to Mechanic Street. At the present time there are two unused rooms here.

During the summer the interior of The Weirs school building was painted throughout. This added greatly to the attractiveness of the room. Another much needed improvement here was the lengthening of the chimney

which so increased the draft that there is no longer trouble from smoke in the school room on windy days. The membership at this school is practically the same as it was last year.

The physical condition of the elementary buildings is good. The rooms are clean, well lighted, and well ventilated and as a usual thing are made attractive by the exhibition of school work and in other ways through the efforts of the teachers.

Very few repairs are needed upon these buildings during the coming summer.

The school work as a whole is of a high standard and prepares the children well for the work of the junior high school.

The number of children in a room makes it possible for the teacher to do much individual work with the pupils. This is being very well done in most of the schools although there are some teachers who still cling to the recitation method for the entire group and neglect entirely the individual needs of the boys and girls.

The senior class is the first to graduate under the 6-6 plan, as it began its work in the seventh grade when the new building was opened in the fall of 1923. This is also the largest class in the history of the high school and its numbers indicate that pupils are remaining in school better under the present form of organization. However, there still seems to be a tendency on the part of some children to leave school at the age of 16. This is particularly noticeable in grades eight and nine. There is an opportunity for individuals and organizations to co-operate with the school in influencing the parents to keep their children in school.

At the beginning of the school year Mr. Kenyon, a graduate of Dartmouth, Miss Friend, a graduate of Ply-

mouth Normal with two years' experience in Exeter, Miss McCooey, a graduate of Plymouth, and Miss Langley, a graduate of Simmons College, were added to the teaching staff to take the places made vacant by resignations of Miss Sargent and Miss Barr who were to be married, and Miss Phelps, who is studying this year. At the end of the Thanksgiving recess Miss MacAulay, a graduate of Plymouth, replaced Miss Dowling, who resigned to accept a secretarial position in Pittsburgh.

As there had been a feeling for some time that the requirements of the Smith-Hughes course were so exacting that the boys of the Mechanic Arts course did not have sufficient time for preparation of their other work and an opportunity to participate in extra-curricula activities, it seemed best to give up the Smith-Hughes aid for one year at least, so that the number of periods of shop work might be reduced. The scholarship of the Mechanic Arts boys has improved considerably and there is much more of an opportunity for them to share with the other pupils of the school the benefits derived from the extra-curricula activities.

These activities this year include a senior glee club, a junior glee club, a school orchestra, debating society, junior debating club, and an art club Mention also should be made of the violin class under the direction of Mrs. Helen St. Clair. The work of this class has been of a high order and it has been of great assistance in increasing the efficiency of the high school orchestra.

Unusual honors came to the Debating Society last year as the Debating Club won first place in the state wide contest at the University and one of the members of the club won first place in the prize speaking contest conducted by the University.

Work in the academic subjects compares well with that

of other high schools as shown by the results of the standard tests that are given frequently and by the showing of graduates of the high school who continue their work in postsecondary institutions.

The athletics of the high school are of a high standard in every particular. This applies to the percentage of victories but more particularly to the fine sportsmanship of our boys and girls on the teams and to the financial condition of the athletic treasury.

The football field at the high school was used this season with a great deal of satisfaction. There is at the present time a fine spirit of rivalry between our high school and the other schools with whom our teams compete. This has been shown especially this year by letters that have been received from other schools who have been entertained by our teams.

The glee club this year is without doubt the best in the history of the school and during the year it has given two very creditable programs, the operetta Little Almond Eyes last May and a concert in conjunction with the orchestra this winter.

The orchestra is one of the largest in the history of the school and is also one of the best. Last spring three of the members were invited to participate in the concert given in Boston by the all-New-England High School Orchestra. The entire orchestra is planning to enter the contest next spring.

During the summer the rooms and corridors on the second floor of the high school building were painted and varnished. Work was also done on the parapet wall so that the possibility of any moisture coming through the walls has been removed. Weather strips were installed on the windows on the front side, which greatly facilitated the heating of that part of the building.

IN GENERAL

The physical director has supervision of the physical work in the elementary schools this year. This is something that has been needed for a long time and will bring good results, not only in improving the physical condition of the boys and girls, but by a general improvement of their interest in everything pertaining to the schools.

The work of the school nurse has been extended to St. Joseph School for the first time this year, from which good results should come.

In order to get the full benefit of the physical work in the schools the play grounds should receive considerable attention so that the boys and girls may have an opportunity to receive instruction in mass games at these schools. This is especially true at the Batchelder Street school where considerable grading needs to be done. Work on the play ground at the high school building should also be carried forward as fast as funds can be provided.

No extensive repairs are needed at any of the elementary buildings. At the high school building the rooms and corridors of the first floor should be repainted and varnished this year.

Acknowledgement is made of the gift by the ladies of the Daughters of the American Revolution of silk flags for each of the rooms of the high school.

Recently the Glee Club made a gift to the high school of a piano to be used in the auditorium when it possible to use the large piano on the stage.

A short time ago a member of the school board of Nothingham, England, spent a day in the public schools of Laconia. He expressed himself as very favorably impressed with the condition of the school buildings and equipment, and with the neat appearance and good physical condition of the boys and girls in all of the schools. He also commented favorably upon the high standard of the work of the elementary schools and the high school, and spoke with particular appreciation of the value of the practical courses for a city like Laconia.

The schools have received favorable comments from other visitors. All of those who are connected with the schools know that their efficiency can be increased. One of the ways by which this can be brought about is by a keener interest on the part of our local people and a closer co-operation on the part of parents with the teachers and others connected with the schools.

Respectfully submitted,

JOHN S. GILMAN.

FIRE DEPARTMENT

REPORT OF THE CHIEF ENGINEER

To His Honor the Mayor and City Council:

I have the honor to submit for your consideration the report of the Fire Department for the year 1928.

During the year the firemen responded to thirty-two box alarms and one hundred and thirty-five still alarms. All these fires were kept under control, with the exception of the fire at the Congregational Church which was burning a long time before being discovered.

The fire which occurred in the old Mallard Block, so-called, on the morning of October 30th, at 4.00 a. m., was a total loss.

PERSONNEL OF FIRE DEPARTMENT

July 5, B. & M., R. R., Depot Platform.

Oct. 2, State Road, George Bridges, Winnecoette Hotel.

Respectfully Submitted,

ARTHUR W. SPRING.

Chief of Fire Department

LACONIA HOSPITAL

TRUSTEES REPORT

To the Honorable Mayor and City Council:

At the annual meeting of the Laconia Hospital Association held in January the report of Miss Lillian G. Williams, superintendent, was presented.

This report covers a large part of the splendid work done by this institution during the past year and briefly outlines some of its future needs. It is worthy of your attention and careful reading.

With the increased appropriation made by the city of Laconia during the past year, the hospital has been enabled to do a better service and the institution has been placed on a firmer financial basis. The income from some sources will be somewhat reduced during the ensuing year and we are to meet an additional expense for new laundry machines of about three thousand dollars.

We ask a generous contribution from everybody during the coming year.

Again we would remind those who have money to dispose of, either by gift outright or will that right here in Laconia, we have one of the finest institutions in this or any other state and it needs your help. Will you please to remember the Laconia Hospital in making disposition of your property.

CHARLES H. PERKINS, President W. F. KNIGHT, Secretary N. JOY HARRIMAN, Treasurer

GENERAL REPORT

To the President and Board of Trusteess

The following is the general report of the Superintendent of the Laconia Hospital for the year ending December 31 1928:

The year just ending and reported on the following pages, shows that the hospital passed all previous records as to daily average of patients. While the admissions were only fifty-six more than last year, patients remained in the hospital for longer periods, giving an average of thirty-eight patients per day.

There was a marked increase in out-patients and number of X-Rays taken, 800 of latter, the wear and tear of this machine requiring a new motor as well as other repairs.

During the past year we have added to our equipment a Hawley Table used for fracture work, a gift of one hundred dollars from Mr. Ralph Lovejoy, was used toward this purchase.

A Scialytic floor light for the operating room is also an added improvement, and has proven its worth on dark days, also giving better light into deep cavities. Some day we hope to have a dome of the same type over the operating table.

Electric refrigeration was installed on each floor, and a larger one in the store room just off the kitchen.

Some of the outstanding repairs aside from repainting of walls, enameling of furniture, etc., have been the laying of Battleship Linoleum on the Nurses' dining room and elevator floors.

A marked improvement in the appearance of the out-

side of the hospital was the painting of the woodwork, and building of cement steps at the terrace to the Nurses' Home.

On the third floor of the hospital the rest room used by Nurses doing private duty has been refurnished. The Nurses' Alumnae furnishing writing desk, chair, and several mirrors, all other furnishings were provided by the Hospital Aid.

This association has also provided through the various bands, our needs for bedding, linen, curtains, dishes, silver, etc. The Hospital Aid this past year has realized \$1,277.00 from dues, Silver Teas, one each month, and one food sale. Nearly \$1,200.00 of this having been spent for hospital furnishings. The hospital was never better provided with linen than at present.

The Woman's Club of Laconia and Lakeport, and the privately furnished rooms, have each replenished their linen and added furnishings to their rooms.

At the beginning of the year we had an enrollment of twenty-one nurses in the Nurses Training School. During the year eight were admitted and six discontinued training. In October we held our graduation exercises at the High School Auditorium, nine nurses receiving diplomas. These nurses having completed their course it has been necessary to employ two of them for general duty due to shortage of student nurses. Our present Instructress and Historian, began her duties October first. A new "Chase Doll", was necessary for demonstration in class room. The Nurses Alumnae made a generous donation toward the purchase of same.

Our Staff of Doctors have been most generous in giving their services in the care of nurses during illness, and also class lectures, and have shown a splendid spirit of co-operation for better hospital service.

The severe accident which befell Doctor Hoyt in April

was greatly regretted. We were glad to have the opportunity to minister in any way we could to relieve his suffering, while he was a member of our hospital family. We miss his genial visits, and will welcome him when able to resume them.

Through the efforts of Miss Katherine McReavy, framed photographs of three Doctors of the Hospital Staff now deceased, Dr. G. H. Saltmarsh, Dr. A. W. Abbott, and Dr. W. H. True, have been procured and hung in the Doctors' room at the Hospital.

With the passing of Mr. Edmund Little and Mr. Edwin Heard, the Laconia Hospital lost two staunch friends, ever interested in its every welfare, devoting much of their time for its interests.

We are indebted to Mr. Leroy Thomas for the flower beds which decorated the grounds this summer; to Maher's Bookstore for ten copies of the Boston Herald delivered every morning for patients; to Lougee Robinson & Co., for a beautiful Bosch radio for enjoyment of the patients; to Judge Fowler for wicker bed tray and magazine rack; for the many kindnesses of those who have in various ways cheered the suffering ones under our care, we are profoundly grateful.

Some of the outstanding needs for the present year, are new equipment for laundry, also providing accommodations for Isolation of contagious diseases which might develop in the hospital, and an enlarged filing system for patients' charts.

Number of patients in hospital, January 1st, 1928	34
Number of admission in 1928, male 478	3
Number of admissions in 1928, female 852	2

Number of new adults examined during year	262
Number of new children examined during year	591
Total number of all examinations during year	853
Condition of children under supervision	
Active Pulmonary tuberculosis	0
Inactive pulmonary tuberculosis	53
Incipient Hilum tuberculosis	45
Suspicious pulmonary and Hilum tuberculosis	85
Number of patients sent to sanitoriums	9
Number of deaths from tuberculosis of clinic patients	5
Total number of clinics held	27
Total number of visits made by nurse	2640

REPORT OF CITY MILK INSPECTOR

The milk ordinance of Laconia has accomplished much since its introduction in 1926. The producers and dealers have cooperated with the Board of Health very well in trying to better the milk supply in this city. The barns and dairies, in the majority of cases, were in better sanitary condition than in 1927, only two barns were refused permits.

During the year 1928, 104 barns were inspected and permits were issued to 101 dealers and 72 stores.

Due to the fact that the State Board of Health Laboratory could test but nine samples of milk a week, a small bacteriological laboratory was set up in the local hospital. This laboratory is under the supervision of the State chemist and the same tests are applied to the milk as would be if done in Concord. In the first test of 6508 quarts of milk there were

2457 with a bacterial count between 10,000 and 50,000 3083 with a bacterial count between 50,000 and 100,000 968 with a bacterial count over 100,000

On the second test there were

3167 with a bacterial count between $10,\!000$ and $50,\!000$ and $\$100,\!000$ and $\$100,\!000$

413 with a bacterial count over 100,000 showing definite improvement we believe as a result of recommendations made and acted upon.

Less trouble was experienced with outside creameries this year. The only ones that shipped milk into Laconia were under strict local or state supervision and the mill. was produced by tuberculin tested cows.

The milk supply of Laconia is not ideal but improvement is being shown by the fact that the producers and dealers are educating themselves in better methods of production and handling. The producers are beginning to realize that after all the milk ordinance is working for their own welfare as well as for the welfare of the consumer.

STANLEY HUNT

REPORT OF HEALTH BOARD

The activities of the Health Board have this year been confined to three lines of endeavor:

1st. The enforcement of the milk ordinance

2nd. The control of communicable diseases

3rd. The abatement of nuisances.

To provide a proper observation of and a check up upon the fitness of our various milk supplies it was necessary to establish a laboratory in the city, sufficiently equipped to enable us to perform bacteriological, butter fat, dirt and dilution tests on all milk and cream offered for public sale.

During the year 1927 this work was done for us by the State Board of Health in Concord but their facilities, are so limited that they could not possibly cover the number of samples necessary for proper control.

Our laboratory was established in connection with the clinical laboratory at the city hospital thereby minimizing the expense both as to upkeep and equipment. Its operation under our supervision was placed in the hands of Mr. Stanley Hunt, an accedited milk inspector, employed by the Board of Health on a part time basis.

Concerning the control of communicable diseases, there have occurred some situations worthy of note during the past year. We had six cases of diphtheria develop, con-

fined to two families. In one the disease was definitely brought in from another quarter of the state, the other the source could not be determined. Diphtheria has been unusually prevalent throughout the country during the past year and we were fortunate in escaping as lightly as we did.

We have had twelve cases of scarlet fever, the origin of the majority being an unsuspected mild case developing in one of the schools, two of the other cases were imported from other towns, the origin of the others could not be determined.

There was one case of smallpox that developed in an employee of the Scott & Williams Mfg. Co., the origin probably being exposure to infection while hunting in the northern part of this state. Through prompt cooperation of the management of the shop where this man worked and the willingness of the exposed fellowworkers and all others with whom he came in contact to subject themselves to vaccination no secondary outbreak occurred.

There is little to say concerning the abatement of nuisances. Most people enjoy living in decent surroundings and few are really disregardful of a fellow being's comfort. Many complaints that are filed with us have a personal animosity at their root, a situation that we hope will occur less and less often as time goes on.

J. A. WRISLEY, PresidentR. W. ROBINSON, SecretaryW. E. FLOYD

TRUST FUNDS

REPORT OF THE TRUSTEES

To the Auditor of the City of Laconia:

We respectfully submit our report for the year ending February 15th, 1929.

The trustees have, during the past year, been handicapped in many cases through lack of sufficient funds and the inability to spend the entire income on account of Savings Bank rules, to do justice to the many lots needing attention. By allowing the income to accumulate this year, the necessary work will be able to be taken care of during 1929.

CITY SOLICITOR'S REPORT

To the Honorable Mayor and City Council:

I hereby submit my report to date as city solicitor.

Civil matters submitted to me as solicitor of the city by the several departments and the legal work incident to the bridge and highway bond issue have received my best attention.

There are five civil cases against the city now pending in our superior court.

Cases to which the city is a party are public matters, concerning which every interested citizen has the right to be informed, and I shall be pleased to give any information I can at any time with reference to them.

Respectfully submitted,

THOMAS P. CHENEY,

Solicitor

FORESTRY REPORT

Hon. Chas. J. Hayford, Mayor, Laconia, N. H. Dear Sir:—

In accordance with the terms of an agreement executed between the city of Laconia and the New Hampshire Forestry Commission, we are submitting a report of White Pine Blister Rust Control work performed in your city during 1928.

Last March at town meeting 75 towns voted \$26,300 for White Pine Blister Rust Control, in cooperation with the State Forestry Department. The authorities of four cities approved appropriations totaling \$2,400 and in addition three cities made available \$600 for the protection of the white pine around their water supply. Thirty-seven owners of white pine, including individuals and lumber companies put up about \$6,000 for control work upon their own lands.

We are submitting herewith a financial report indicating the expenditures made by both city and state in Laconia, together with the acreage covered and currant and gooseberry bushes located and destroyed. Had it not been for an unusually rainy season no doubt a larger acreage would have been put under control. If there are any other facts pertaining to this work not contained in this report, we shall be glad to advise you upon request.

As many of the towns cooperating in Blister Rust Control include this statement in their annual report, we would suggest that the City of Laconia do likewise.

FINANCIAL STATEMENT

OVERSEERS OF THE POOR

To the Honorable Mayor and City Council:

We herewith submit our report as Overseers of the Poor for the year ending February 15, 1929.

We have had about sixty cords of wood cut on the Philbrook lot by men whom the city was helping, which has supplied this department with fuel from April 1, 1928 to February 1, 1929.

We expect enough wood will be cut this winter to last throughout the year.

There have been two unusual items of expense this year. It has cost the department about \$1,300.00 to support the families of persons serving jail sentences. Two of whom will have to be supported for a short time longer.

The department has had to meet a bill of about \$1,000.00 of several years standing, for which it will be reimbursed upon the settlement of an estate.

On account of these things and an unusual amount of sickness the appropriation has been overdrawn this year.

We would recommend the same appropriation for next year, feeling sure that the expenses can be kept within that amount or possibly less.

H. C. SANBORN,

Wards, 2, 3, 4, and 5

O. A. FLANDERS,

Wards, 1 and 6

REPORT of PARK COMMISSION

To the Mayor and Council of the City of Laconia: Gentlemen:

The Park Commission is pleased to submit for your consideration its fourteenth annual report.

The playground season for the summer of 1928, opened at Opechee Park with Mr. Donald J. McFarland as director and Miss Marjorie Sanborn as assistant. This season's attendance was the largest since our present system of supervised playgrounds was established.

Previous to the opening, the various apparatus was repaired and the playground mowed and cleaned up.

During the season ball games and tennis matches were arranged by the instructors and through the kindness of Mr. Karnan and Mr. Bisson the Volley Ball team were able to play Rollins Park at Concord.

Many other events were much enjoyed on the home grounds in addition to the regular routine work.

The closing event being the Annual Exhibition conducted by the children who made all the exhibits and had charge of all the arrangements.

This season at Leavitt Park playground proved to be the best season since the playground was established, with Mr. Charles Peterson as director and Miss Thelma Clow as assistant.

Previous to the opening of the playground, the tennis court was put in first class condition, the basement of the house was cemented, the inside painted white, new windows were put in and curtained and a director's locker bought and set up. A new platform for the raft was built and a "Whirla-Beb" bought and installed.

All through the season baseball, basket-ball, volley-ball, tennis, swimming, group games, basketry, wood-working and handwork was enjoyed. Picnics, hikes, over-night camping trips, dog shows, doll carriage and pet parades were intersperced with the regular games.

The carnival, which was held on the afternoon and evening of August 1st, was a decided success due to the combined efforts of the directors and the parents and friends of the children of Ward 6.

During the winter months the skating rink has been keep in splendid condition and an additional hockey rink has been added this year.

The south end playground was under the direction of Miss Elizabeth Prime; without sheltering buildings of any kind and double the usual attendance at the playground, combined with rain every day for the first two weeks of the season, the situation presented quite a problem of administration for the director.

The change in the weather, the addition of new swings and some new equipment combined with a few loads of gravel, changed matters for the better and made the season one of the best for this playground.

During the winter months this playground furnishes a natural skating rink in constant use without expense to the city.

Your commission would recommend that the balance unexpended from this year's appropriation be used toward the construction of a suitable building for toilet and housing purposes at this playground and that the incoming council consider the appropriation of enough additional money to construct the same.

We would suggest that the usual appropriation be made for playground purposes. The commission extend their thanks to the Mayor and Council and our citizens for the interest they have taken in the Parks and Playgrounds of our city.

Respectfully submitted,

ALFRED C. WYATT, RUTH H. SMITH DAISY J. WHITNEY C. E. ROWE W. E. DUNLAP

Park Commissioners

BOARD OF PUBLIC WORKS

Laconia, N. H., Feb. 15, 1929.

To the Honorable Mayor and City Council:

We would respectively submit the Twenty-Eight Annual Report of the Department of Public Works, together with the detailed reports and recommendations of the City Engineer and Superintendent of Streets and Sewers.

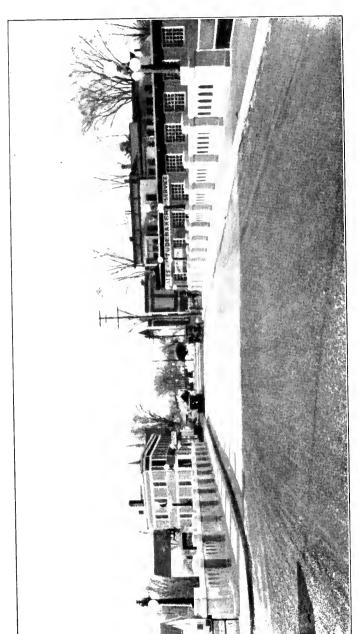

Generally adequate appropriations and the valued cooperation of your honorable body have made it possible for us to carry on the usual maintenance work and routine service rendered by the several departments, in a satisfactory manner, and to make substantial additions to our permanent improvements.

Outstanding among the latter projects is the construction of the new reinforced concrete bridge on Church Street, and the improvement of this thoroughfare, by widening and laying a concrete pavement and sidewalks from Main Street to the bridge: Trunk Line Construction on the Rocky Pond Road, the expense of which was borne equally by the State and City, was completed by grading and surfacing with bituminous macadam from the end of last year's work to the Laconia-Belmont town line; and the same type of construction was employed in improving a section of Elm Street, ending at a point approximately at the street intersection, near the Grange Hall.

In the matter of recommendations for work to be done the ensuing year, we ask your study of the City Engineer's report, appended hereto; his recommendations have been considered by the Board and meet with our approval, and we would especially urge your consideration of the following suggestions:

If certain proposed legislation, now before the General Court, is enacted into law, whereby the City is enabled to

CHURCH STREET BRIDGE

CHURCH STREET BRIDGE

secure State Aid in the construction of a new bridge over the Weirs Channel, on the Daniel Webster Highway, we believe that favorable action should be immediately taken by the city to cooperate and furnish its share of the cost, as the present structure is manifestly inadequate for the travel it bears, and should be replaced with a modern structure, capable of carrying any load likely to be placed upon it.

If other proposed special legislation, now pending at Concord, carries, granting State Aid for the completion of the road between the State School and the Grange Hall, we believe an opportunity is presented to finish up this gap of unimproved road, without serious burden to the city, of which we should take advantage

Widening of the pavement on Union Avenue, from Casino Square to Messer Street, and from Elm Street to Stark Street, covering the area where the old street car tracks were removed, should, in our opinion, be provided, for, this year, thus removing a very annoying condition, on our main artery of travel through the city.

Mr. French's recommendation of a new sidewalk on Union Avenue from Lyman Street to Mechanic Street; of a new hard surface on Pine Street, from Main to Baldwin and on Messer Street, from the bridge to Union Avenue and of needed additions to our system of surface drains in certain sections of the city, seems to us to have special merit.

Another recommendation which should be given special attention, is that of improving conditions, with respect to the approaches of the Laconia Hospital, and some plan should be worked out, whereby a proper street and sidewalks leading to this institution, can be constructed, eliminating the present very unsatisfactory situation.

To the above recommendations for special work, we would add that a section of Lakeside Avenue at The Weirs

should be macadamized, beginning near its intersection with the Daniel Webster Highway and extending toward The Weirs Station.

We would also renew previous recommendation that a garage and workshop be provided for; the need for a building of this kind is imperative.

building of this kinkl is imperative.	
We recommend the following General	Appropriations:
Bridge Repairs	\$,500.00
Cleaning Streets	6,000.00
Cleaning Catch Basins	2,000.00
Collection Ashes, Waste, Dump	7,500.00
Cutting Trees, Bushes, Grass, Etc.	1,500.00
Drain Repairs and Maintenance	1,500.00
Insurance	1,000.00
Maintenance of Macadam	7,000.00
Renewing Sidewalks	2,600.00
Sanding Sidewalks	700.00
Purchase of Equipment	4,200.00
Winter Expenses	17,000.00
General Repairs and Maintenance	16,000.00
City Engineering	2,200.00
Sewer Maintenance	3,600.00
State Aid Maintenance	350.00
Gravelling Roads	6,000.00
Moth Work, City Streets	2,000.00
Storage Shed, Messer Yard	1,000.00
Trunk Line Maintenance	3,600.00
Sprinkling and Oiling	7,000.00

Total \$93,250.00

Respectfully submitted,

HARRY L. SMITH, WALTER L. HUSE, CALEB J. AVERY,

Board of Public Works

REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENTS

To the Board of Public Works:

Gentlemen:

The following is presented as the report of the Public Works Department for the year ending February 15, 1929.

ORGANIZATION

SUPERINTENDENT OF STREETS, SEWERS AND CITY ENGINEER

Charles A. Freuch

Assistant Engineer-Clerk, John M. Eldredge Assistant, Arnold J. O'Mara

FOREMEN OF THE STREET DEPARTMENT

Division No. 1 Nelson Dionne

Division No. 2 William J. Greenlay

Division No. 3 Charles H. Swain

FOREMAN OF SEWER AND TREE DEPARTMENT

Archilles Parent

SPECIAL FOREMAN BRIDGE CONSTRUCTION
Hartley E. Hamm

The amount expended for the year ending February 15, 1929 was \$190,909.25 and is itemized as follows:—

1.	Bridges:		
	Church Street	\$43,932.60	
	Miscellaneous	152.99	\$44,085.59
2.	Cleaning Catch Basins		1,404.17
3.	Cleaning Streets		5,534.38
4.	City Engineering		1,980.47
5.	Collection Ashes and Waste		6,753.15
6.	Cutting Trees and Brush		1,323.52
7.	Church Street Improvement		20,086.91
8.	Drains:		
	Car Shop	60.81	
	Dartmouth Street	312.53	
	Laurel Street	1,213.71	
	Repair and Maintenance	1,149.55	2,736.60
9.	Davis Place Improvement		3,348.31
10.	Dixon Street Wall		287.68
11.	Elm Street Improvement		9,032.91
12.	Garfield, Lincoln and Pearl St.	Surfacing	1,172.95
13.	Graveling Streets		3,213.54
14.	Insurance		915.64
15.	Maintenance of Macadam		7,079.92
16.	Moth Work		1,678.61
17.	Purchase of Equipment		5,625.35
18.	Sanitary Sewers:		
	Construction	2,133.98	
	Maintenance	2,472.27	4,606.25
19.	Sidewalks:		
	Belknap Street	1,003.30	
	Dartmouth Street	885.15	
	Davis Place	162.98	
	Fenton Avenue	629.23	
	Gale Avenue	890.29	

	Garfield Street	610.38	
	Highland Street	713.84	
	Joliet Street	618.27	
	McGrath Street	1,116.58	
	Morrill Street	890.75	
	Opechee Street	448.76	
	Orchard Street	685.96	
	Webster Street	1,095.61	
	Recovering	2,551.14	
	Sanding	1,051.21	13,353.45
20.	Sprinkling and Oiling		6,215.13
21.	State Roads:		
	Rocky Pond Road	9,293.91	
	Trunk Line Maintenance	7,945.28	
	State Aid Maintenance	629.28	17,868.47
22.	Winter Expenses		16,166.25
23.	General Repairs and Maintenance		16,440.00
		_	

\$190,909.25

BRIDGES

The following table gives information in regard to City bridges:

No. Nime	Span	Material	Condition	Location
1 Academy St	15.5 tert	Concrete	Excellen t	Durkee Brook
2 Church St	150.0	Concrete	Excellent	Wonn River
3 Court St	15.0 "	.C1n-r∈te	Excellent	- Durkee Brook
4 Davis Place	23.0	Corcrete	Excellent	- wett Prook
5 Elm St.	232 0	Concrere	Execllent	Winn. River

7 Garfi ld St.	10.0	Concrete	Excellent	Durkee Brook
8 Gold St.	145.0 "	Steel, Wood	Good	Winn River
o oma con				Foot bridge)
9 Highland St	25.0 ''	Concrete	Excellent	ewett Brook
10 Main St.	72 0	Concrete	Excellent	Winn, Rievr
11 Messer St.	100.0	Steel, Concrete	Exc-llen!	Winn. River
12 Mill St No 1	36.0 ''	Concrete	Excellent	Power Canal
13 Mill St. No. 2	128 0 "	Wood	Very Good	Winn, River
14 Union Ave., No. 1	19.0 "	Concrete	Excellent	Jewett Br∈ok
15 Union Ave . No. 1	13 0 ''	Coucrete	Exc-llent	Black Brook
16 Weirs	100.0	Steel	Fair	Winn, River

The Church Street bridge having become inadequate for the traffic, it was decided to rebuild same with reinforced concrete. A design was made by the engineering department assisted by Mr. Miles N. Clair of the Thompson & Lichtner Co. of Boston and the bridge was built, by force account, by this department.

Mr. Hartley E. Hamm was general foreman on the work.

\$40,000.00 was set aside from a bond issue to finance this project and the total cost \$43,932.60 was within the engineer's estimate of the probable cost.

This bridge is a reinforced concrete girder structure one hundred and fifty feet long by fifty feet wide. The length is divided into three spans of fifty feet each, resting on two abutments and two piers. The outside girders were designed to give an arch effect and the structure has the appearance of an arch bridge. A reinforced concrete balustrade surmounted by ornamental lamp posts gives a pleasing appearance to the structure.

Much difficulty was encountered in getting a foundation for the piers and abutments and it was found necessary to drive steel sheet piling for the coffer-dams thus adding much to the cost of the work and to the time necessary for construction.

This bridge is constructed of the best of materials and the workmanship is thorough in every particular. It is adequate for any reasonable traffic that may come upon it and should require but little maintenance for many years to come. The cost is low for such a structure and much less than it could have been contracted for.

The steel bridge over the channel, so-called, at The Weirs on the Daniel Webster Trunk Line has been in service about thirty years and though it has been strengthened and carefully maintained it is not strong enough for present traffic.

Although it is on a Class 1 State Road, none of the expense of repairs or maintenance is borne by the state but all by the city. It is probable that 75% of the traffic over this bridge comes from outside the city and it would seem reasonable that the cost of a new structure should not be borne wholly by the city but should be divided by the City, State and Federal Aid allocated to the State.

There is some demand for the construction of a bridge over Jewett Brook at Girard Street.

DRAINS

Drains were constructed on Dartmouth Street, Laurel Street and from Water Street through land of Laconia Car Co.

I renew recommendations of previous years for drains on Baldwin and Avery Streets, for a continuation of the drain on Endicott Street at The Weirs, for drains west of Leavitt Park in Ward 6.

There are many other locations where surface drains are needed and where, in some cases, petitions have been presented which should have consideration.

PAVEMENTS

Bituminous macadam pavements were laid as follows:

	Area Sq. Yds.	Cost
Davis Place	2083	\$3,348.31
Elm Street	2588	9,032.91
Rocky Pond State Road	3818	9,293.91

The cost of maintaining 196,948 sq. yds. of bituminous macadam laid previous to 1928 was \$7,079.92 or \$0.036 per sq. yd.

Church Street from Main Street to the new bridge was widened from 38 feet to 60 feet. New concrete curbs, sidewalk 8 feet wide and a reinforced concrete pavement 34

feet wide, seven inches thick was built at a total cost of \$20,086.91.

The cost of the pavement exclusive of sidewalks, removing old pavements, grading etc. was \$2.16 per sq. yd.

IMPROVEMENT OF COUNTRY ROADS

An appropriation of \$3,000.00 was made for gravel surfacing on roads which together with funds from the appropriation for general maintenance enabled us to make considerable improvements to some roads and streets. There remains much more work of this nature for which funds should be provided.

The White Oaks Road and the Hilliard Road so-called are in especial need of attenion. These road should be widened in places, ledges removed and a gravel surface placed.

PURCHASE OF EQUIPMENT

\$5,600.00 was appropriated for this purpose which was expended for gas road roller exchange, sidewalk tractor plow, cement mixer and automobile exchange. In addition \$1,825 was expended from the appropriation for winter expenses for the exchange of one wooden road plow for more modern equipment.

It is recommended that \$4,200 be provided for asphalt kettles, light truck to replace the present worn-out Ford, cart, etc. Also to permit the exchange of the present ten ton tractor plow for a more efficient steel plow.

SANITARY SEWERS

Sanitary sewers were built in Fairview Street, Hill and Cole Streets, and Holman Street extension from funds remaining in the sewer construction account.

Additional sewers are needed in Sheridan Street, Gilford Avenue and Morrill Street.

The present system was maintained in good condition with no serious difficulty.

SIDEWALKS

Hard surface sidewalks were built in twelve streets and many sidewalks were graded and given a temporary surface of gravel or crushed stone.

Four thousand two hundred ninety-five sq. yds. of new asphalt surface was laid and three thousand four hundred fifty-five sq. yds. old walk was recovered. One thousand seven hundred and seventeen sq. yds. of cement concrete sidewalk was laid on Church Street.

STATE ROADS

A joint appropriation by the State and City enabled us to complete the hard surface on the Rocky Pond Road to the Belmont Town Line. This project completes the original construction of all the trunk line road within the limits of the City.

North Main Street from Oak Street to the Laconia State School has been built from a joint fund, the state's portion being provided by special acts of the legislature.

There remains on this line a gap of 2.227 feet to reach the hard surface road on Elm Street built wholly by the city.

It is hoped that the Legislature will appropriate a sufficient sum to aid the city in closing this gap; the estimated cost of this project is \$12,500.

Under the head of trunk line maintenance \$7,945.28 was expended on the Daniel Webster and the Rocky Pond roads.

\$629.28 was expended in State Aid Maintenance on North Main Street.

SNOW REMOVAL

Our expenditure for snow removal was less than usual due to the more favorable weather conditions prevailing.

Some additional snow equipment is needed as noted elsewhere.

PLUMBING

This department issued permits for and tested 106 plumbing jobs during the year.

ENGINEERING

Plans were made for the Church Street bridge, for Church Street reconstruction and plans, lines and grades were furnished for the various pieces of work undertaken.

GENERAL

All work provided for by appropriations was completed with the exception of Bay Street which was omitted due to the radical change found necessary when the work was staked for construction.

This department is still greatly handicapped by the lack of a suitable garage and work shop and it is to be hoped that some means may be found in the near future to remedy this condition.

Since the removal of the rails of the street car tracks a very unsatisfactory condition has existed on Union Avenue from Casino Square to Messer Street and from Elm Street in Lakeport to the pumping station. The old ties of the street railway are still in the ground and the road surface is principally dirt which becomes mud in wet weather and dust in dry weather. This street is subjected to very heavy traffic which spreads over the car track area and it should be hard surfaced without any more delay. The sidewalk on the east side from Lyman Street to Mechanic

Street is wholly unsuitable for the location as the construction of the High School building causes greatly increased use of this walk.

The estimated cost of the following proposed construction on this street is \$26,555. Curbing east side, Lyman Street to Bridge Street and curbing west side, Davis Place to Bridge Street 8,450 feet. Sidewalk east side from Lyman Street to Mechanic Street 2,900 feet.

Bituminous macadam pavement from Strafford Street to Messer Street and from Elm Street to the pumping station 4,432 sq. yds.

There is no suitable approach to the Laconia Hospital Hospital either over Elliott or High Streets. The grades are exceedingly steep and the sidewalks poor. Any project to improve this condition would entail a considerable expenditure but the need of improvement is so manifest and so pressing that it should be given serious attention.

Messer Street from the bridge to Union Avenue is subjected to heavy traffic and it is impossible to keep this street in good condition without rebuilding and resurfacing.

Pine Street from Main Street to Baldwin is a heavily travelled street which is badly in need of a more substantial surface.

Respectfully submitted,

CHARLES A. FRENCH,

City Engineer, Supt. of Streets and Sewers

LIBRARY REPORT

REPORT OF THE TRUSTEES

To the Honorable Mayor and City Council:

The undersigned, Trustees of the Laconia Public Library, herewith transmit to you the annual report of Arthur W. Dinsmoor, Treasurer, showing the financial condition of the Library for the fiscal year ending February 15, 1929, together with a table prepared by Miss Hazel J. Clark, Librarian, giving the circulation and registration during the same period.

The combined circulation of the Laconia Public Library and the Goss Reading Room for the past year was 67,339 of which 57,733 was registered at the Library and 9,606 at the Reading Room. This shows an increased circulation over that of the preceding year of 3,235. The largest circulation in any one mouth was 6,173 in March, 1928, of which 5,262 was fiction and 911 non fiction.

During the very last days of the year the Library was unfortunate in losing its janitor, Mr. James B. Fernald, who had served in that capacity since the Library was first open to the public, and who was taken suddenly ill while on duty.

Mr. Fernald had not only served long as janitor, but had brought to the job efficiency and a high degree of interest in his work. All of the large mass of material in the storage stacks in the basement was personally placed by Mr. Fernald and his knowledge was such that he could more readily find any of this material than any other person connected with the Library.

WILLIAM F. KNIGHT, STANTON OWEN ARTHUR W. DINSMOOR CHARLES L. PULSIFER FRANK P. WEBSTER FREDERICK W. FOWLER JOHN S. GILMAN

Balance on hand Feb. 15, 1929	\$ 69.24

Respectfully submitted,

A. W. DINSMOOR,

Treasurer

AUDITOR'S REPORT

To the Honorable Charles J. Hayford, Mayor, and the City Council,
Laconia, New Hampshire

Gentlemen:

As requested by you we have audited the financial accounts of the City of Laconia for the fiscal year ended February 15, 1928.

We present herewith the following statements showing the financial condition of the City as at February 15, 1928 and the appropriation accounts during the year:

Exhibit I—Balance Sheet as at February 15, 1928

Exhibit H—Serial Debt as at February 15, 1928

Exhibit III—Appropriation Accounts, year ended February 15, 1928.

We comment on the items appearing in the balance sheets as follows:

ASSETS

Cash \$51,914.57

The cash balance was verified by reconciliations of the balances appearing on the statements obtained from the various depositories with the records of the City Treasurer.

Accounts Receivable—Taxes

\$17,333.25

The Collector's records of unpaid taxes were examined by us and lists were drawn therefrom and compared with the controlling account in the City Clerk's ledger. We examined warrants from the Assessors to the City Collector covering the commitments of taxes for 1927 and commitments of additional taxes for 1927 and prior years. All abatements of taxes were supported by properly approved vouchers from the Assessors. No specific provision has been made for unpaid taxes which may be abated.

Property Sold to City for Taxes

\$434.29

During the year under review the city purchased unpaid taxes assessed on real property in 1926. During the year the taxpayers redeemed all unpaid taxes for the years 1923 and 1924 which had been purchased by the City and substantially reduced the 1925 unpaid taxes.

Property Held by Tax Deeds

\$238.12

There were no changes in this account during the year.

LIABILITIES

Motor V'chicles' Fees-1928

\$8,345.83

The footings of the City Clerk's records of motor vehicles' fees received were verified and the amounts were checked with the City Treasurer's records. It was noted that the 1928 fees collected at February 15, 1928 showed a substantial increase over the amount of fees collected at February 15, 1927.

Leavitt Fund Receipts

\$333.55

This fund showed a net increase of \$146.48 over the balance at February 15, 1927. The changes in the account during the year were verified with the City Clerk's records.

Miscellaneous Liabilities

\$636.3**7**

This account was reduced \$150.00 during the year. Interest coupons due in prior years were presented for payment and charged to this account. These coupons were examined by us.

Unexpended Appropriations

\$61,579.88

Appropriations made during the year under review were verified with the records of the City Council. All payments during the year were properly approved on the Treasury Warrants. We examined the records of the City Council and found approvals of all transfers.

Excess of Current Assets over Current Liabilities \$8.340.35

At February 15, 1927 this account showed an excess of current liabilities over current assets amounting to \$52,418.65. The above excess of current assets over current liabilities reflects an improvement in the city's current financial condition amounts to \$60,759. This improvement was brought about by the following changes during the year:

Issuance of Serial Debt as at Sept. 1, 1927 \$52,000.00 Excess of Unexpended Appropriations (exclusive of appropriations carried forward) and income, over abatements and balance of deficit at Feb. 15, 1927 (\$418.65) 8,759.00

\$60.759.00

Serial Debt

The serial debt outstanding at February 15, 1928 is detailed in Exhibit II. We noted that the new debt issued during the year was properly approved by the City Council. We examined the paid bonds surrended covering the debt matured during the year.

Cemetery Trust Funds

The cemetery trust funds were invested as follows: \$30,000 par value City of Laconia 4% Serial Notes \$30,000.00

2 shares Laconia Water Company Capital Stock	100.00
\$50 First Liberty Loan Bond—Converted 41/4%	
1932-1947	50.00
Laconia Savings Bank Deposits	1,431.59
City Savings Bank Deposits	1,555.46
Lakeport National Bank Deposits	3,754.43

\$36,891.48

We examined the above securities and pass books evidencing the deposits in the savings banks. The checking account in the Lakeport National Bank was reconciled with a statement from the bank. Expenditures of trust funds during the year were supported by detailed vouchers. We listed the various trust estates and found them to exceed the above assets by \$2.02. Income on all investments was properly recorded on the trust fund records.

Library Trust Funds

The books of the treasurer were examined. The securities and savings bank books were examined by us and the balance of the commercial deposit was reconciled with a statement from the depository.

We desire to express our appreciation of the courtesies extended to us during the course of our examination.

Respectfully submitted,

ARTHUR F. WILBAND CO.,

Public Accountants

AUDITOR'S REPORT

February 26, 1929

To the Honorable Charles J. Hayford, Mayor, and the City Council,

Laconia, New Hampshire

Gentlemen:

Pursuant to our appointment as Auditors for the City of Laconia, and in accordance with the duties of such office, we have audited the financial accounts of the City of Laconia for the fiscal year ended February 15, 1929.

We present herewith the following statements showing the financial condition of the City as at February 15, 1929, the appropriation accounts, and the Excess and Deficiency credits and debits during the year:

Exhibit I—Balance Sheet as at February 15, 1929 Exhibit II—Serial Debt as at February 15, 1929

Exhibit 111—Appropriation Accounts, year ended February 15, 1929

Exhibit IV—Excess and Deficiency Account.

We comment on the items appearing in the balance sheet as follows:

ASSETS

Cash \$54,630.07

The cash balance was verified by reconciliations of the balances appearing on the statements from the various banks with the records of the City Treasurer.

Accounts Receivable—Taxes

\$22,991,98

The Collector's records of unpaid taxes were examined by us and statements were drawn therefrom and compared with the controlling account in the City Clerk's ledger. We examined warrants from the assessors to the City Tax Collector covering the commitments of taxes for 1928 and commitments of additional taxes for prior years. All abatements of taxes were supported by properly approved vouchers from the Assessors.

Property Sold to City for Taxes

\$753.03

During the year under review the City purchased unpaid taxes assessed on real property in 1927. Taxpayers substantially reduced the taxes purchased for 1927 and prior years. We listed the unredeemed items appearing on the records of the City Collector for all years and found them to be in agreement with the controlling accounts in the City Clerk's ledger. These lists were recorded at the Belknap Registry of Deeds.

Property Held by Tax Deeds

\$238.12

We examined deeds from the City Tax Collector to the City of Laconia for three parcels of land held by the City which were acquired in prior years. One parcel of land described in the City Clerk's reports as the "Peter Mennone Lot" was not evidenced by a deed. We were informed by the City Clerk that the City auctioned a parcel of land described as the "Gosselin Lot" to G. F. La Pierre some years ago for \$250.00. The purchaser paid \$50.00 on account but never paid the balance to the City. We recommend that the City take steps to collect this unpaid balance.

LIABILITIES

Motor Vehicles' Fees-1929

\$8,974.55

The footings of the City Clerk's records of Motor Vehicles' fees received were verified and the accounts were checked with the City Treasurer's records. The amount of fees received for the calendar year 1928 was incorporated in a letter of verification which we have forwarded to the Commissioner of Motor Vehicles at Concord. At the date of this report we had not received a verification from the Commissioner, but such other verifications as we were able to make did not reveal any discrepancies in receipts. There were six serial numbers missing which may have been lost, mislaid or destroyed.

Subject to final verification with the Commissioner of Motor Vehicles, we believe the receipts from Motor Vehicles' fees as shown by the City Clerk's books to be correct.

Leavitt Fund Receipts

8644.19

This fund showed a net increase of \$310.64 over the balance at February 15, 1928. The warrants covering payments out of this fund were examined and found to fully vouch for disbursements made.

Municipal Court Receipts

\$410.00

This account represents a balance purported to be due Belknap County.

Miscellaneous Liabilities

\$636.37

This account did not change during the year. The account is composed chiefly of numerous small items due individual citizens for damages on account of street widening done in prior years.

Overlay for 1928 Tax Abatements

\$2,553.50

This account represents the balance remaining from an overlay originally provided as a reserve against 1928 Tax abatements, and inasmuch as there is still a balance of 1928 Taxes outstanding in amount of \$19,823.17, it appears that the overlay balance will be required to offset abatements that may be made in the future for that year.

Unexpended Appropriations

\$50,548.78

Appropriations made during the year were verified with the records of the City Council. All payments during the year were properly approved on the Treasury Warrants and special drafts. We examined the records of the City Council and found approvals of all transfers except certain transfers at the close of the year, which items, we were informed by the Mayor and City Clerk, were covered by a vote of the City Council whereby the said Council authorized the Mayor and City Clerk to make such transfers as were necessary to balance the various accounts. At the date of our examination such a vote was not in the record book but was in the process of being written up.

The various balances comprising the total unexpended appropriations are shown on the balance sheet Exhibit I of this report, such items being available for the completion of the various projects and acquisitions indicated.

School Department

The records of this department were reconciled with the City Clerk's ledger. The back belance was recordled with a list of outstanding or uncashed checks and a variance of \$2.70 existed betwen the list of uncashed checks and the bank statement as at February 15, 1929, the actual funds in the bank being the greater amount.

Excess of Current Assets over Current Liabilities \$14,845.81

This account as at February 15, 1929 showed improvement in the City's current financial condition amounting to \$6.505.46. Exhibit IV of this report shows the credits that accrued in this account, also the debits arising from payments from the account for the year ended February 15, 1929.

Serial Debt

The serial debt outstanding at February 15, 1929 is detailed in Exhibit II of this report. The net increase of the debt for the year under review was \$40,250,00, new bonds being issued for bridge and highway construction for the amount of \$80,000.00 and serial payments being made, totaling \$39,750.00.

We examined the paid bonds surrendered covering the debts matured during the year; we also examined the coupons paid on the outstanding debt during the year, and found the payments to be properly accounted for.

Cemetery Trust Funds	
The cemetery trust funds were invested as	follows:
\$28,000 par value City of Laconia 4% Serial	
Notes	\$28,000.00
Savings Bank Accounts	8,440.27
2 Shares Laconia Water Co., Capital Stock	100.00
\$50 First Liberty Loan Bond—Converted 41/4%	
1932-1947	50.00
Total Principal	\$36,590.27
Balance of unexpended income in Savings Bank accounts	3,296.25

\$39.886.52

We examined the securities and pass books described above which were found to properly account for the funds.

Expenditures from trust funds and from income from trust funds during the year were properly supported by vouchers or other evidences of payment.

Library Trust Funds

The books of the treasurer of these funds were examined and disbursements were checked against paid checks on file. Income was verified with records from the source. The commercial bank account was reconciled with a statement from the bank.

Permit us to express our sincere appreciation of the courtesies extended to us during the course of our examination.

Respectfully submitted,

ARTHUR F. WILBAND CO.,

Public Accountants

CERTIFICATE

WE HEREBY CERTIFY that the accompanying balance sheet and statement of serial debt reflect the financial condition of the City of Laconia, as disclosed by its books at the close of the fiscal year ended February 15, 1929. We further certify that we have audited the income and expense accounts of the City for the year and have found them correct as detailed in our report submitted herewith

ARTHUR F. WILBAND CO.

Public Accountants

SUMMARY OF VITAL STATISTICS

Number of births	300
Number of births not previously recorded	18
Number of marriages	122
Number of deaths	205
Number of deaths occurring at Belknap county farm	11
Number of bodies brought here for burial	23

By Chapter 106, N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of the child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city may be made right.

EARL FLANDERS, City Clerk
